

Starr Celebrates Q150

Starr is a proud Queenslander and has lived in Brisbane all of her life. To celebrate 150 years, Starr presents this exhibition of paintings inspired by the beauty of this wonderful state.

Starr creates her own artistic take on our lifestyle..... from sharing cocktails in a stunning nite club to relaxing over coffee at one of the many cafes. She is also featuring something for the boys, with Rugby League, Cricket, Car and Bike racing reflecting our love of all sport.

With her strikingly unique visions of our iconic Story Bridge to the bright and bold renditions of our sun drenched beaches, Starr captures the essence of this Sunshine State.

Queensland's beautiful landscapes have always been a passion for Starr and this year she has gained even more industry respect and recognition by making the finals of the 'Tattersall's Landscape Art Prize'. The colour and energy in this exhibition caps off a fantastic year for Starr and celebrates 150 years of Queensland.

The Collection is available in the gallery to preview and purchase NOW
